# Australia – How I Become Australia's Top Spy

Who Was Nancy Wake?

Come on all you Australians this woman was very famous in WW11, she was our top Spy we sent to Germany to help fight against the Nazis.

## **Nancy Wake (The White Mouse)**

As a war hero, Nancy Wake was a pioneering feminist that spoke loudly with words and backed them up with actions. She once said.

"I hate wars and violence, but if they come I don't see why we women should just wave our men a proud goodbye and then knit them balaclavas."

It was a philosophy she most definitely lived by.

At the outbreak of World War II, Wake was working as a journalist however, instead of thinking that she could most help by telling stories or knitting balaclavas, she felt she could most help by joining the fight.

It was a wise decision.

By joining the fight, she made such a contribution to the Allied effort that she topped the Gestapo's most wanted list.

### **Hitler's most wanted**

Nancy Wake had a difficult childhood growing up in Sydney.

Her mother was a dogmatically strict religious woman. Her father was a journalist who went to live in New Zealand to make a movie about Maoris.

He sold the family home and never came back, resulting in his family being evicted.

An unreliable father and an oppressively strict mother seemed to breed a rebellious streak in Nancy.

In 1928, at the age of 16, Nancy commenced work as a nurse. In 1932, she inherited some money and immediately used it to travel to London, then mainland Europe to train and work as a journalist.

One of her early assignments was to interview Adolph Hitler.

In the same year, she visited Vienna and witnessed the impact of the Nazi regime first hand.

She later recounted.

The storm troopers had tied the Jewish people up to massive wheels.

They were rolling the wheels along, and the storm troopers were whipping the Jews.

I stood there and thought, 'I don't know what I'll do about it, but if I can do anything one day, I'll do it.'

And I always had that picture in my mind, all through the war.

In 1939, German troops invaded Poland, forcing Britain and France to declare war on Germany.

At the time, Wake was in England, but she quickly returned to France where she married a handsome wealthy French industrialist, Henri Fiocca.

Slowly but surely Nancy drew herself into the fight.

In 1940 she joined the embryonic resistance movement as a courier, smuggling messages and food to underground groups in Southern France.

She also bought an ambulance and used it to help refugees fleeing the German advance.

As the beautiful wife of a wealthy businessman, she had an ability to travel in a way that few others could contemplate.

She obtained false papers that allowed her to stay and work in the Vichy zone in occupied France.

She became deeply involved in helping to spirit a thousand or more escaped prisoners of war and downed Allied fliers out of France. Although she was judged to be unruly, her exuberant spirits and physical daring were thought "good for morale".

By 1942, the Gestapo had become aware of an unidentified agent that was proving to be a significant thorn in their side.

They code named the agent 'the white mouse' and listed her as number one on their wanted list, attracting a five million franc reward.

With the net closing in, Wake escaped to England where she joined the French Section of the British Special Operations Executive (SOE), a unit of 470 specially trained men and women set up to work with local resistance groups in the German occupied territories.

In 1944, Wake parachuted back into France to help preparations for D-day landings.

She was put in charge of an army of 7,000 Maquis troops that engaged in guerrilla warfare to sabotage the Nazis.

Henri Tardivat, one of her comrades, later said that.

"She is the most feminine woman I know, until the fighting starts. Then she is like five men."

Like a true commander, Wake always put herself in the thick of the action.

On one occasion, the supply drops were threatened by the destruction of radio codes.

Wake embarked on a marathon bike ride, cycling about 500 km in 72 hours and crossing several German checkpoints, in order to find an operator to radio Britain and request new codes.

Wake took responsibility because a woman was deemed to have more chance.

After the war, Wake received numerous international honours, including the George Medal, the Croix de Guerre, the Medaille de la Resistance, the Chevalier de Legion d'Honneur and the US Medal of Freedom.

As for her home country, despite being recommended for medals by the RSL, no official recognition was ever forthcoming.

In regards to being overlooked, Nancy was philosophical once saying 'they can stick their award and be thankful it's not a pineapple'.

In 1949, Nancy returned to Australia and stood as a Liberal Party candidate in the Sydney seat of Barton.

In some ways, her decision to enter politics was a shame because it inevitably divided public opinion about her and thus reduced the receptiveness of the Australian people to her story.

It also made it difficult for the Labor Party to ever support public celebration of her.

Arguably, her story of courage, self-sacrifice, and determination offered more than she could have ever offered as a politician.

Despite a strong swing in her favour, Nancy didn't win her seat.

Nor was she able to find any other suitable employment.

She then returned to Britain where she was appointed as a Women's Royal Air Force (WRAF) officer in the British Air Ministry.

She remained in the post until 1958.

In 1960, she returned to Australia, and wrote her autobiography.

In 1966, she again stood for politics but again failed to win her seat.

In 2001, she returned to England to live out her days, with the express wish that her ashes be scattered over France after she died.

As for how she would like to be remembered, she said she hoped to go down in history as the woman who turned down 7,000 sex-starved Frenchmen.

She also said, 'I got away with blue murder and loved every minute of it.'

## The World and Its People are at War against Jewish Bankers – Globalist and Zio - Nazis

Here we are again in 2013 and the same people behind WW1 & WW11 are back again and want to clean up once and for all, their prize A New World Order.

Not content with just going about and doing normal business these people have set there sights on "FULL & Utter Control" ownership of all the earths resources, for their own greedy purposes.

## The New World Order is "Communism"

March 9, 2013

Communism is a monopoly over everything, including thought, enforced by the "State."

The "State" is a front for the Illuminati Jewish central bankers who own its debt.

Anything that increases "State" power is Communist.

World government will take this to the next level.

Is not war already a revolutionary function?

War?

The Commune (1870).

Since that time every war was a giant step towards Communism."

Most people think Communism is an ideology dedicated to championing workers and the poor.

This was an incredibly successful ruse which manipulated millions.

Behind this artifice, "Communism" is devoted to concentrating all wealth and power in the hands of the central banking cartel (the Rothschilds and their allies) by disguising it as State power.

The central banking cartel is the ultimate monopoly.

It has an almost global monopoly over government credit.

It's object is to translate this into a monopoly over everything - political, cultural, economic and spiritual.

**One World Government = Rothschild  
monopoly = Communism.**

Any ideology that further concentrates wealth and power in the hands of the "State" is Communism in another guise.

These ideologies -- socialism, liberalism, fascism, neo-conservatism, zionism and feminism -- are fronts for "Communism," and are organized and funded by the central banking cartel. Current events are all designed by the central bankers to increase government power.

## THE RED SYMPHONY

After The Protocols of the Elders of Zion, "The Red Symphony" is the finest revelation of the real state of our world.

"The Red Symphony" is a 1938 Stalinist Secret Police (NKVD) interrogation of Christian Rakovsky, a Soviet insider seen here with fellow Jew and Rothschild agent, Leon Trotsky.

The text is online or in Des Griffin, Fourth Reich of the Rich.

I introduced this explosive 50-page document to my readers in 2003.

It strips the veil from modern history and explains the real meaning of Revolution, Communism, Freemasonry and War.

It was not intended to become public knowledge.

The translator, a Dr. J. Landowsky, made an unauthorized copy.

The human experiment is endangered by private interests who have usurped the function of money creation everywhere.

Modern history reflects the gradual process by which they transfer all wealth and power to themselves, destroying Western Civilization and creating a world police state.

In 1938, Rakowsky could say the whole world is controlled by the Sabbatean (Illuminati, Masonic) Jewish bankers and their allies.

In his autobiography, My Life, Leon Trotsky wrote : "Christian G. Rakovsky... played an active part in the inner workings of four Socialist parties-- the Bulgarian, Russian, French, and Roumanian--to become eventually one of the leaders of the Soviet Federation.

A founder of the Communist Internationale, President of the Ukrainian Soviet of People's Commissaries, and the diplomatic Soviet representative in England and France ..."

Rakovsky, whose real name was Chaim Rakover, was sentenced to death in Stalin's purge of the Trotskyite faction of the party.

He tried to save himself by delivering a message to Stalin from the Illuminati.

In the process, Rakovsky told his interrogator that the bankers created the Communist state as a "machine of total power" unprecedented in history.

In the past, due to many factors, "there was always room for individual freedom.

Do you understand that those who already partially rule over nations and worldly governments have pretensions to absolute domination?

Understand that this is the only thing which they have not yet reached." (emphasis mine)

A pernicious force paralyzes our national life.

Rakovsky identifies it: "Imagine to yourself, if you can a small number of people having unlimited power through the possession of real wealth, and you will see they are the absolute dictators of the stock exchange and [economy]...If you have enough imagination then...you will see [their] anarchical, moral and social influence, i.e. a revolutionary one...Do you now understand?"

"...They created credit money with a view to making its volume close to infinite. And to give it the speed of sound....it is an abstraction, a being of thought, a figure, number, credit, faith...." (pp.245-246)

Of course they need to protect their credit monopoly by creating a "World Government."

This prevents any country from issuing their own credit (money) or repudiating their debt.

## MARXISM

The Revolutionary Movement, which defines modern history, was a means to institutionalize banker power by destroying the old order.

Marxism, "before being a philosophical, economic and political system, is a conspiracy for the revolution."

Rakovsky scoffs at the "elementary Marxism...the demagogic popular one" that is used to dupe the intellectuals and the masses. (238)

Marx was hired by Rothschild to dupe the masses. Rakovsky says Marx "laughs in his beard at all humanity."

(Griffin, 240) Of course, Marx never mentioned the Rothschilds. (243)

As for Freemasonry: "Every Masonic organization tries to create all the required prerequisites for the triumph of the Communist revolution this is the obvious aim of Freemasonry," says Rakovsky, a high-ranking Mason himself.

The aim of the Revolution is no less than to redefine reality in terms of the interests of the bankers.

This involves the promotion of subjective truth over objective truth.

If Lenin "feels something to be real" then it is real. "For him every reality, every truth was relative in the face of the sole and absolute one: the revolution."

This is Cabalism: Cabalist Jews create reality because they believe they are the conduit for God's Will. (In other words, mankind has fallen for a gigantic fraud.)

In other words, white is black and up is down.

This is how it was in the Soviet Union; and now in the West, truth and justice are being replaced by political diktat.

"Political correctness" a Bolshevik term is now in common usage.

Thus, homosexuality which psychiatrists always considered a developmental disorder, became a "lifestyle choice" in 1973 by political diktat.

Now public schools encourage heterosexual children "to experiment with their sexuality."

This is unhealthy and unnatural but that's what Satanism and "revolution" are really about, overturning the salutary inherent order.

Rakovsky marvels that "the benches on which sat the greasy usurers to trade in their moneys, have now been converted into temples, which stand magnificently at every corner of contemporary big towns with their heathen colonnades, and crowds go there ...to bring assiduously their deposits of all their possessions to the god of money..."

He says the Soviet five-pointed star represents the five Rothschild brothers with their banks, who possess colossal accumulations of wealth, the greatest ever known."

Isn't it strange that Marx never mentions this fact?

Rakovsky asks. Isn't it strange that during revolutions, the mobs never attack the bankers, their mansions or banks?

## **WAR**

War is the means by which the central bankers advance their agenda. Rakovsky says Trotsky was behind the murder of Arch Duke Ferdinand (which sparked WWI.)

He recalls the phrase used by the mother of the five Rothschild brothers: "'If my sons want it, then there will be no war.'

This means that they were the arbiters, the masters of peace and war, but not emperors.

Are you capable of visualizing the fact of such a cosmic importance?

Is not war already a revolutionary function?

War?

The Commune.

Since that time every war was a giant step towards Communism."

After the murder of [Illuminati member Wiemar Foreign Minister] Walter Rathenau in 1922, the Illuminati give political or financial positions only to intermediaries, Rakowsky says.

"Obviously to persons who are trustworthy and loyal, which can be guaranteed a thousand ways: thus one can assert that those bankers and politicians [in the public eye] - are only men of straw . . . even though they occupy very high places and are made to appear to be the authors of the plans which are carried out."

## Think Barack Obama.

In 1938, Rakovsky outlined three reasons for the upcoming Second World War.

The first is that Hitler began to print his own money.

"This is very serious. Much more than all the external and cruel factors in National-Socialism."

Secondly, the "fully developed nationalism of Western Europe is an obstacle to Marxism...the need for the destruction of nationalism is alone worth a war in Europe."

Finally, Communism cannot triumph unless it suppresses the "still living Christianity." He refers to the "permanent revolution" as dating from the birth of Christ, and the reformation as "its first partial victory" because it split Christianity.

This suggests that the "conspiracy" also contains a racial or religious factor.

"In reality, Christianity is our only real enemy since all the political and economic phenomena of the Bourgeois States. Christianity controlling the individual is capable of annulling the revolutionary projection of the neutral Soviet or Atheist State."

Now the Central Bankers are promoting World War Three as in "The Clash of Civilizations." Substitute Islam for Christianity above, and pit "Christians" against them.

## **CONCLUSION**

The New World Order creates a false reality which represents our mental enslavement. Legions of pundits, professors and politicians enforce its precepts.

These are the argentur ("agents") referred to smugly in The Protocols of the Elders of Zion.

Society is totally subverted.

Government, education, entertainment and the news media are in the hands of the central banking cartel.

The private sector sings from the same song book on subjects like "diversity."

The same applies to think tanks, foundations, NGO's, professional associations and major charities.

Intelligence agencies serve the central bankers.

(This article "How the Fed Bought the Economics Profession" is the template for all professions.)

As a result, society is helpless to address its real problem: the concentration of power in the hands of Cabala-believing bankers. We are stymied by the bogus charge of "anti-Semitism" when most Jews are ignorant of the big picture.

There is no shortage of lackeys, often Freemasons and Masonic Jews, willing to share the spoils of the bankers' fraud.

This defines "success" today.

Mankind is doomed as long as these bankers control society. What is the remedy?

Nationalize the central banks, repudiate debts created from nothing, break up cartels, especially Hollywood and the media, and institute strict public campaign financing.

In addition, we need a spiritual revival, a return to true religion, or at least an affirmation of God and a moral order.

But as long as people perceive their interests in terms of the status quo, our problems are systemic and won't go away.

Note from Krister

FAMOUS TROTSKY QUOTE (1917):

"We must turn Russia into a desert populated by white negroes upon whom we shall impose a tyranny such as the most terrible Eastern despots never dreamt of.

The only difference is that this will be a left-wing tyranny, not a right-wing tyranny.

It will be a red tyranny and not a white one.

We mean the word 'red' literally, because we shall shed such floods of blood as will make all the human losses suffered in the capitalist wars pale by comparison.

The biggest bankers across the ocean will work in the closest possible contact with us.

If we win the revolution, we shall establish the power of Zionism upon the wreckage of the revolution's funeral, and we shall become a power before which the whole world will sink to its knees.

We shall show what real power is.

By means of terror and bloodbaths, we shall reduce the Russian intelligentsia to a state of complete stupefaction and idiocy and to an animal existence."

Rockefeller himself is portrayed shoulder to shoulder with Leon Trotsky, surrounded by other famous Communists, including Karl Marx. It was originally displayed in the RCA (now GE) Building in Rockefeller Center, New York.

Rockefeller had it quietly removed during the anti-Communist backlash of the House on Unamerican Activities Committee hearings in Congress.

Today it's permanently installed on an entire wall on the second floor of the Fine Arts Palace (Palacio Bellas Artes), in a corner of the Alameda Central in the Centro Historico of Mexico City.

## Why the New World Order needs Australia

The **New World Order** is real and the Globalists who desire the establishment of a New World Order are doing everything in their power to create the global government they need to guarantee global control and power.

The Globalists will only achieve the establishment of a New World Order under two conditions.

1. **They control the majority of global natural resources.**
2. **The global monetary system becomes centralized.**

Sadly, **Australia is in the firing line** of these criminal Globalists.

So why is this the case?

Let's briefly examine how the Globalists need Australia to achieve their ultimate goal of a New World Order and global government.

### **Australia has an abundance of natural resources**

Australia's capacity to mine it's finite natural resources is world leading.

At the time of writing this article, Australia's capacity to supply the world with its minerals, natural gas and oil was at an all time high.

Australia is the world's leading exporter of iron ore and coal that is traded by sea, which accounts for about 41 per cent of seaborne iron ore exports in 2010.

56 per cent of the coking coal used in steelmaking, and 21 per cent of the thermal coal used in power stations.

It is also a top-five producer of a suite of other commodities, including aluminium and its precursors bauxite and alumina, as well as zinc, lead, nickel, gold, silver and uranium, while rapid expansion of its gas-export industry could place it as the world's biggest exporter of liquefied natural gas by 2020.

So what does all this mean for the Globalists.

Well, we all know that natural resources have a finite supply and because Australia has the world's most diverse and known discovered resources on earth, the **Globalists will need these resources** to control and influence China as it seeks more and more resources to feed its 10% annual growth rate.

In the short term this may all sound unrealistic, but when push comes to shove and the demand for oil, coal and other natural resources begin to impede growth, the Globalists will use Australia's position to push their agenda.

### **Low levels of interest in politics**

Would you believe Australians have little or no interest in politics and who governs their country.

At present, voting is mandatory and fines are given to those who don't vote.

There are only two political parties and politicians never break or deviate from official political lines and propaganda.

Australians are trained to obey their government and never question what the government does and how they spend their revenues.

This mix of complacency is exactly what the Globalists need to achieve their agenda.

They need minions who will not question and understand what the New World Order stands for.

If an Australian mentions the term 'Bilderberg Group' or 'New World Order', they are labelled and conspiracy theorists and ignored.

This attitude will never change and it's the perfect environment for the Globalists to move in.

### **Access to vast remote spaces**

Australia is an enormous continent and only 5% of its land is habitable.

This is perfect for the Globalists.

The Globalists need vast spaces that are in close proximity to China because China is the Globalists biggest threat.

Due to the heavily regulated nature of communism, Globalist organizations like the Bilderberg Group can't access it's political circles to enact change like they do in Europe and the U.S.

When the New World Order becomes a reality, the **Globalist propaganda machine will begin the war effort** against the Chinese Government.

Unfortunately, for the good hardworking people of Australia, it has the perfect launching and preparation grounds for an invasion.

Other counties in the south east Asia region are too heavily populated to orchestrate such an attack.

Also, due to the infiltration of Indonesia by the Globalists, the cumulative effect of having both Australia's land mass and Indonesia's population density, the Globalists have the perfect recipe for an attack on China.

In conclusion, the wolds most democratic, free and establishment resistant country is under attack and needs to wake up.

Due to its populous having no interest in politics, it's vast natural resources and geographic location, the Globalists and the New World Order need Australia to begin the next phase of deployment for global government and New World Order.

**Wake up Australia, the Globalists  
are almost finished with the  
Americans and Europeans and  
now have you in their sight!**

### **Jewry's Scheme For World Domination**

## Fulfilled Before Our Eyes...

## GLOBAL CONQUEST IS JEWRY'S ULTIMATE GOAL.

In order to achieve this, international Jewry has taken control of banking, the press, the media, political institutions, academics, and the Military/Industrial complex.

Jewry's scheme for world domination has been carefully laid out in its manifesto, The Protocols Of The Learned Elders Of Zion.

According to the renown scholar, Dr Henry Makow, "The Protocols is the New World Order's blueprint - the Illuminati's master plan."

## Intent To Corrupt

“Jewry’s goal,” Dr Makow continues, “is to overthrow Western Civilization through the destruction of its four pillars:

- I. Family
- II. Nation/Race
- III. Religion
- IV. Democracy.

Dr Makow has also proven that The Protocols is a genuine document and not a forgery.

[View Entire Story Here & Here.](#)

Much of The Protocol’s agenda of destruction is taking place right before our very eyes:

- Manipulation of the economy through banking monopolies
- Manipulation of the educational system through falsifications of historical events
- Manipulation of the general culture through undermining Christian morality
- Manipulation of political systems through bribery and funding of selected political candidates

- Manipulation of social venues through crisis-events leading to suspension of civil liberties.

## **INTERNATIONAL JEWRY & MILITARISM**

**THE ISRAELI MASSACRE OF GAZA CIVILIANS** is setting the stage for a global “militaristic” assault by worldwide Jewry on what is left of historic Christian civilization.

Because of the contrived agenda known as the ‘war on terror,’ the rogue state of Israel is utilizing its military prowess by collaborating with the West’s military establishment.

Many joint ventures between Israel and international defense contractors are part of Israel’s plan to fully ‘globalize’ their Zionist agenda.

And Israel’s recent pact with NATO to “share intelligence and engage in joint military exercises,” solidifies Jewry’s scheme to dominate, by force of arms, the Western world.

"Anti Terror Training" is yet another venue for Jewry's scheme for world domination.

In September of 2008, The Anti Defamation League (ADL) sponsored such "training" by sending various local US police officers (all expenses paid for!) to Israel to learn from Israeli SWAT teams.

And recently, the collaboration between Israel and US defense contractor, CACI International, brought to light their mutual implication in the torture of Iraqi citizens at the infamous Abu Ghraib prison.

## The New World Order in 2012

Globalists and New World Order, Special Reports from the Globalist Report

THE GLOBALIST NATIONS

In 2012 very few people understand what the New World Order is all about and how the New World Order has evolved to what it is today.

This lack of understanding is derived from **a systematic denial by the Globalists and Politicians** that the New World Order doesn't exist.

When the term **New World Order** first came into vogue in the wake of the Gulf War, but especially following the collapse of the Soviet Union, it evoked the promise of an exciting, higher plateau of international relations, including:

- International security, particularly between East and West, no longer based on the concept of Mutual Assured Destruction (and other equally MAD theories of deterrence) but guaranteed by the reality of a unipolar world, led by the West.

- Freedom to travel and migrate for people confined for decades (or entire lifetimes) behind the “Iron Curtain”.
- Opportunity for the enslaved communist economies of Central and Eastern Europe to serve primarily indigenous needs on the basis of market principles, rather than support the economy of the USSR, as required for decades by the Council on Mutual Economic Assistance (CMEA).
- Transformation of the economies of Russia and the other former Soviet republics into market based ones.
- The chance for Central and Eastern Europeans and former Soviet citizens to enjoy material advantages previously denied.
- Freedom for Third World Governments from having to choose sides in the overriding bipolar political / military struggle that had dominated global relations for 45 years.

- Optimism among Third World leaders who thought that perhaps they could now devote more energy to improving the living standards of their own citizens (the pessimists feared the opposite, now that their UN votes counted for little).
- The assumption that inevitable regional disputes could be settled quickly on the basis of coordinated international action, possibly on the Gulf War Coalition model.
- A new scope for collective security by the West with co-operation from much of the Arab World.

## Reality of the New World Order in 2012

This view of the New World Order was a rosy one.

However, **it under estimated and neglected a number of vital factors.**

The reality of today paints a different picture.

The bipolarity of the geo-political world (one that is forced to accept blame for international tension, even while it provided the longest continuous period of peace Europe had known in the 20th Century) was succeeded not by an orderly unipolar world but by a disorderly multipolar one.

## **On the positive side**

This multi-polarity has, at least, reduced the relative weight of international security and military alliances as the currency of international relations and supplanted them with economic and commercial competition that is headed by the Globalists.

The relaxation of international tension has also permitted co-operation and diplomatic breakthrough in areas of Europe, the Middle East, Latin America and Southern Africa, probably not otherwise possible.

Throughout much of the world, the demise of Communism led to a greater acceptance of western values relating to good government, free press and civil rights.

## **On the other hand**

- Regional and even local problems are tending to become more thoroughly and more quickly globalized, just as global institutions are increasingly paralysed in their attempts to deal with them.

The tragic events of Rwanda were one example of how the world took it upon its self to take the blame for the conflict.

- We face **new and destabilizing non-traditional threats** to world order, some a by-product of augmented economic and commercial competition. e.g; environmental degradation, increased economic migration, rising international organized criminal activity, and the proliferation of weapons of mass destruction.
- In Europe and the Middle East, **the most immediate and sharply felt threat is that of ethnic conflict and civil war resulting from the release of nationalist and irredentist forces** thought to have been excised from the European psyche in 1945. When one contemplates for a moment the carnage in Gorazde, in Mostar and in Sarajevo, how wrong we were!
- The **suppression of ethnicity and nationalism**, the centuries-old twin scourges of Europe and the middle east which, twice in the last 80 years blighted the continents and beyond, turns out to have been only temporary, necessitated by the overriding strategic demands of the Cold War.

## Is the New World Order the Old World Disorder?

As is painfully evident in the former Yugoslavia and elsewhere, the forces of nationalism, ethnicity, racism and religious extremism are unbound and unbounded in ways that only the most cynical among us would have predicted possible.

Add to the stark communal violence from pressures of economic restructuring which affects all but the most entrepreneurial or corrupt during the painful but necessary transition from Communism to capitalism, and the resulting sum is a glaring picture of instability that potentially threatens the security of the entire world.

It is now clear that the end of the Cold War (and the advent of the New World Order) does not mean the end of instability or threat.

What it does is allow for open conflict in regions where formerly such conflict would have been, at best, unthinkable or, at worst, successfully held in check.

## How the New World Order in 2012 is Changing?

In this new climate of uncertainty, the very definition of national security has been broadened to include not only protection of traditional political and military targets, but also concern for the illicit transfer of leading-edge technology, the safeguarding of the environment and the containment, through international multilateral means, of regional and ethnic conflict, including euphemistic “civil” wars (a subject largely ignored in the past by the international community).

This approach strongly implies two phenomena: (1) interdependence and the (2) strengthening of international coordinating organizations, specifically the Globalist United Nations.

In response to these requirements of the New World Order, it appears the world is taking the following steps:

**1) The world has broadened its concept of national security** to include the notion of Co-operative Security. This does not mean it has neglected the narrower concept of military security. It simply recognize that in today's world the attainment of security includes elements other than the traditional one, e.g.;

- The encouragement of integration among regional economies

- The granting of economic assistance over military assistance.
- Help in the establishment of government.

2) The Globalist Elite are attempting to shift the emphasis away from “collective defence” to “collective security”.

The Globalists are shifting the emphasis away from collective defence to collective security because the mindset of countries who collaborate to defend themselves (mob mentality) usually do so in order to leverage off other countries military expertise.

This **presents a problem to the Globalists** because the collective defence mentality is not primarily driven by fear like the collective security mentality.

Therefore, the Globalists are in a better position when countries collaborate (break down their borders and governance via collective security) because this mindset is a self-perpetuating fear that can never be undone (ie.. Once countries collaborate due to collective security, that co-operation can never be under and will eventually morph into a union / world government)

## What can we do about the New World Order in 2012?

It is, to an extent, in the hands of each of us, in the intelligence and tolerance with which we approach the truly difficult injustices in contemporary international relations and in the will we bring to bear to correct such inequities.

**The New World Order has arrived** and needs to be presented for what it is.

The global community needs to come together to **systematically remove the Globalists** within our political and social circles who are intentionally planting the seeds of world governments and the New World Order.

At the moment, the only way we can stop the New World Order is via the following:

1. A **systematic campaign that encompasses all types of media** to present to the global community what the New World Order is all about and who are the Globalists that are perpetuating the New World Order ideology.

2. An **organised collective** that encompasses a core group of anti-Globalists who can encourage a consistent and systematic fight against the Globalists via organised means.

3. **Dismantle all government backed Globalist institutions** such as the United Nations and the Council of Foreign Relations so that advocates of the New World Order don't have official medium to push their agenda of the unsuspecting public.

4. Take a **systematic approach to document and record other lesser-known Globalist institutions** such as the Bilderberg Group, Trilateral Commission and the Club of Rome.

To the established anti-Globalist movement, these three institutions are well-known.

However, to ordinary people, these institutions are either unknown or considered conspiracy theory.

5. **Stop the dis-information that is rife throughout most education systems** about the banking system, economics and how political systems function.

If there is a means to provide students guidance about the truth of how our banks, the political system and how our economy functions, at least they will be given an opportunity to hear the truth before being taught the lies of the Globalists and those who were seeking a New World Order.

6. **Hold the main stream media to account** when it reports on the issues, stories and news items that are specific to the Globalists and the Globalist Agenda.

The fact of the matter is that 90% of ordinary people receive their news and information directly from the mainstream media.

The alternative media in its current capacity is not significant enough to be in a position to influence the masses.

## **Final Remarks**

At the moment, the **Globalists have taken a significant step backwards** in their objective to achieve a New World Order and World Government.

This was only achieved by the efforts of the alternative media and anti-Globalist movement.

However, due to the size and nature of the Globalists, the struggle the anti-Globalists will have against the Globalists will continue for many years to come.

**Stand up and don't let the Globalists  
achieve their dreams of a New World  
Order in 2012!**
